EDUCATION

The University of Oklahoma - Gaylord College of JMC

Norman, OK

B.S. | Advertising | Minor in Health and Exercise Science | GPA: 3.97/4.00

Jan. 2023 - Dec. 2026 (Expected)

Relevant Coursework: Essentials of IT and Informatics, Digital Marketing, Ad Research, Ad Design & Visual Storytelling

J. F. Oberlin University

Tokyo, Japan

Study Abroad | GPA: 4.00/4.00

Jan. 2026

Awards & Honors: President's Honor Roll (7 Semesters), Dean's Honor Roll (7 Semesters), Benjamin A. Gilman

International Scholarship Program, National Society of Collegiate Scholars Member

PROFESSIONAL EXPERIENCE

Vivacity Tech PBC (EdTech)

Remote

Product Design Intern

Jan. 2026 - Apr. 2026

- Improved user workflow consistency across a live EdTech SaaS product by redesigning 30+ modals in Figma, translating design system standards into tangible UI improvements.
- Expanded a component library with 5 new components and 100+ variants, balancing design system constraints with the evolving needs of a cross-functional product team.

University of Oklahoma Math Center

Norman, OK

After Dark Supervisor

Oct. 2025 - Dec. 2026 (Expected)

- Maximized learning outcomes for approximately 5,000 student visits and balanced tutor workload by supervising and organizing nighttime exam reviews and study sessions during the 25/26 academic year.

Front Desk Assistant

Jan. 2024 - Dec. 2026 (Expected)

- Streamlined communications and managed tutor logistics for ~24,000 student visits, ensuring efficient operations without direct instructional involvement.
- Oversaw concurrent in-person and virtual tutoring, supporting summer coursework and facilitating ALEKS exam preparation for new students.

PROJECTS

Ralph Lauren Advertising Media Project

Norman, OK

Group Member (Budget & Audience Strategy)

Jan. 2026 - May 2026

- Developed a \$250M incremental media budget strategy targeting 20% YOY market share growth across e-commerce, full-price retail, and outlet channels.
- Developed a legacy consumer persona using MRI Simmons data, grounding the campaign's dual-audience strategy in psychographic research to balance Gen Z acquisition with high-value loyalist retention.

Math Center Check-In Kiosk Redesign

Norman, OK

User Researcher & UX Designer

Dec. 2025

- Leveraged 2 years of firsthand observation as a Front Desk Assistant to identify critical usability failures in the existing check-in flow used for around 30,000 visits per school year, and then prototyped a full UI redesign that is currently under review for implementation following a presentation to Math Center leadership.
- Designed color-coded room navigation with explicit accessibility labels and an admin panel enabling staff to manage operations without technical support.
